At Des Moines He Made a Telling Speech to 5,000 and Gave a Dig to Those Who Ridicule Oratory.

LINCOLN, Neb., Aug. 7 .- The Bryan trip through the East was inaugurated at 2 o'clock this afternoon under decidedly favorable conditions and auspices. It was a day of torrid temperature, but long before time for departure of the Bryan party the Rock Island platform was crowded, and when the carriage containing Mr. and Mrs. Pryan drove up a round of cheers went up from over one thousand throats. From that time on until the train pulled out anxious people jostled each other without compunction as they pressed around their honored fellow-citizen and eagerly grasped his hand and clung to it long enough to breath a fervent godspeed for himself and his mission. Children were carried along by the pressure of the crowd, and their childish voices could be heard above the uproar in

familiar greeting: "Good-bye, Mr. Bryan!" Most of them were successful in reaching his hands before he boarded the train, which pulled in several minutes ahead of leave-taking. After Mr. and Mrs. Bryan had entered the car there was a request for them to appear on the rear platform, which they did. As Mr. Bryan appeared the handshaking was renewed and in response to continued and persistent calls for a speech Mr. Bryan said:

"Ladies and Gentlemen - In ordinary times I would have desired to have the notification take place at my home. But this is not an ordinary campaign, and I felt that the cause should arise above any personal desires we might have, and there-New York, in order that our cause might be presented first in the heart of what now seems to be the enemy's country, but which we hope to be our country before this fight is over. (Great applause and cheering.) I appreciate the kindness which the neighbors have shown, and all that I can promise you is that, whether what I do meets with your approval or not, I shall do my duty as I see it and accept all consequen-ces which may follow." (Enthusisatic

cheering and app ause.) Mr. and Mrs. Bryan were allotted the drawing room of the Fullman coach, every section of which was occupied. As the train drew away from the station a thousand fluttering handkerchiefs waved a parting adieu, the fond sincerity of which was at-tested in many ways. Men, women and children rushed around the patform as the train moved by and persisted in prolonging the ordeal of handshaking. crowd of boys did not stop when the platform was passed, and the lad who was most reluctant to give up the chase was rewarded with a Bryan button, which was thrown to him by Mr. Bryan in lieu of the handelasp he was unable to win. There were a hundred carriages around the station, and in the midst of the excitement a

-An Ovation at Avoca. OMAHA, Neb., Aug. 7 .- There were less than five hundred people gathered around the depot when the train bearing the Bryan party pulled into Omaha. These, however, were enthusiastic in the extreme, many of them being personal acquaintnces of the candidate. There was a stop of fifty-five minutes at that city and the nominee went out on the walks about the depot and shook hands with his visitors. There was no speech-making and Mr. Bryan, after a short conversation with dow he continued the handshaking process until the train pulled out. At Omaha Mr. Bryan's brother, Charles A. Bryan, the nominee know the names of the citizens of Omaha who had risked dangers of sunstroke by coming down from the town in the hot sun to greet the candidate. There was no demonstration of any note during the stay in Omaha. Short stops were made depot in Council Bluffs and the local Rock Island depot and at each about one hundred people were assembled. At the latter place the women were in the majority and as they expressed a desire to meet Mrs. Bryan the latter also came on the platform and held a reception. When Neola was reached at 6 o'clock there was a crowd of three hundred people in waiting. Mr. Bryan's appearance was the signal for a chorus of cheers and calls "I am very glad to see you," he said.

Mr. Bryan's utterances were loudly cheered and the applause continued as he hurried back into the train just as it pulled out. At Atlantic there boarded the train two reception committees. One was from Stuart, comprising M. R. Ryan, J. R. Dosh, E. D. Graham and W. E. Bates. The other was from Des Moines, and comprised Henry Siegelman and Judge Cole, representing a reception committee of twelve. Stuart was reached at 8:15, and three thousand people were in waiting with a brass band. A platform had been erected a few feet from the track. It was handsomely decorated and illuminated. The crowd cheered wildly as the train rolled in, and continued the clamorous demonstration until Mr. Bryan waved his hand for silence. Among those the platform was Gen. James B. Weaver, who was also a member of the Des Moines reception committee. Mr. Bryan's remarks were as follows:

An incident of the meeting occurred while Mr. Bryan was speaking. Myriad bugs of assorted sizes were curling around his head alighting in his hair, tickling his face and neck, and once when it appeared that he was about to stop speaking the crowd roared for him to proceed, and a voice in the crowd shouted: "Go on, Bryan, and never mind the bug," and Bryan did voice replied: "No, or they would not be
